

So...you're thinking about having a tent event?

We are often asked "How much are your tents?" This is a very difficult question to answer since we offer three different styles of tents and over 40 size options. There are many factors involved in choosing the right size tent for your special-event and it is not an easy recommendation for us to make quickly. Below is a list of questions for your consideration. Accurate answers to these questions will help guide us in recommending the proper size tent for your location and type of event.

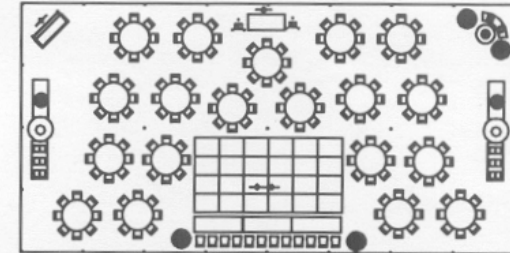

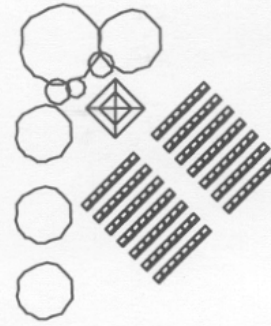

1. What would your maximum guest count be? _____
2. Will your guests be seated at round ___ or rectangular ___ tables?
3. Will you have bar service? _____ Hors d'oeuvre service? _____
4. What type of food-service will you have? Buffet ___ or Sit-Down ___
5. Will you need a Dance Floor? _____
6. What type of entertainment are you having? Band ____, DJ ____, Other _____
7. What does the entertainment need? Stage ____, Table ____, Electric ____, Other _____
8. Will you need a gift table? _____ Will you need a cake table? _____
9. Will you be using a head table? _____ If so, how many should it seat? _____
10. Can ground stakes be used at the proposed tent location? _____
11. Are there any underground utilities or permanent obstructions at the site? _____
12. What time does your event begin? _____ What time does it end? _____
13. Will you require lighting under or around the tent? (Ex: parking area) _____
14. Is electricity available on-site or will you need to use a generator? _____
15. Will you need additional restroom facilities or hand-washing equipment? _____
16. Will you need a public address system? _____
17. Is there anything else going on underneath the tent? (Ex: ceremony, etc.) _____
18. Are there any other special considerations? (Ex: wheelchair accessibility) _____

In addition to answering the above questions, your event location may determine what type and size of tent to use. Pole tents are cheaper, per square foot, than Frame tents. Pole tents require ground staking and have center poles. Frame tents are self-supportive, do not require center poles and can be used on hard surfaces where staking is not an option. However, frame tents still need to be weighted. Canopies are small pole tents and can be an inexpensive do-it-yourself option.

Additional accessories can be rented to enhance any tent event. We offer both solid and window sidewalls. In addition, decorative treatments like pole coverings, planter boxes, chandeliers, paper lanterns, or hanging baskets of ferns or florals, can be discussed with our full-time decorator and designer. We would be happy to help you create a truly unique and memorable tent event for you and your guests. We look forward to being of service.

We are the event professionals with over 40 years of experience. Trust us as your most important event resource!

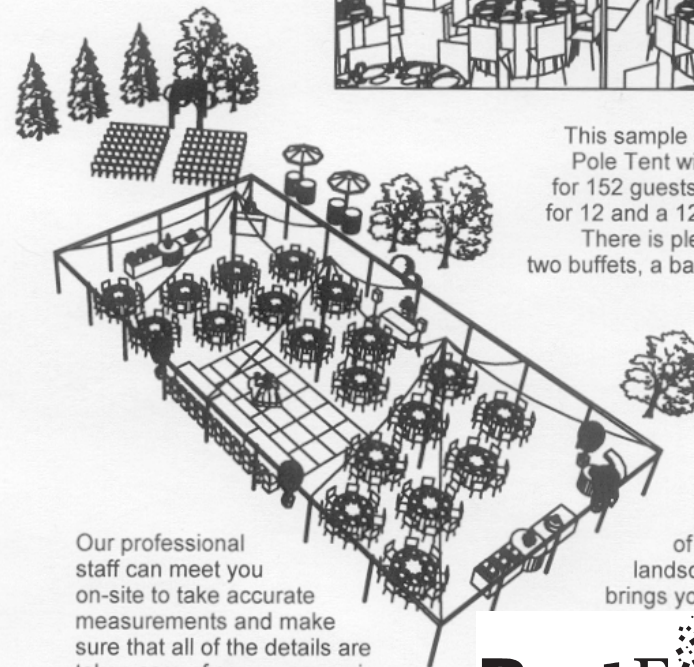

Our professional services include helping you layout your event specific to your individual needs. Our CAD program will give you the peace of mind that your event will look exactly how you imagine.

We can design outdoor or indoor event spaces with our CAD program.

This sample shows a 40' x 80' Pole Tent with guest seating for 152 guests plus a head table for 12 and a 12' x 24' dance floor. There is plenty of room for two buffets, a bar and the cake table.

Our professional staff can meet you on-site to take accurate measurements and make sure that all of the details are taken care of so you can enjoy every minute of your special-event.

In addition to the many uses of our design, the landscape view really brings your event to life!
